Summary

Cybersecurity trainer and ethical hacker with over 3 years of experience in delivering CEH and Red Team sessions. Skilled in Linux, Networking, and Pentesting tools with strong hands-on in building custom labs and guiding students. Seeking opportunities to apply technical expertise and teaching skills in a professional security environment.

Experience

CyberSecurityTrainer / Head of Department
Xziant Communication Pvt. Ltd.

June 2025-FEB 2026,
Sec 63 A Noida , Delhi NCR

- Delivered cyber security training with real-world projects for US based clients.
- Designed and managed local hacking labs using Kali Linux, parrot Linux , Arch Linux
- making student prepare for OSCP , CEH , CompTIA Sec+, and offensive and defensive hacking

CyberSecurityTrainer
CybromTechnologiespvt.ltd.(Workshops,Seminars,LiveLabs)

Aug 2024-May 2025,
MP Nagar, zone 1-
Bhopal , Madhya Pradesh

- Delivered CEH training with real-world lab demos for 200+ students in 9 Months.
- Designed and managed local hacking labs using Kali Linux, Metasploitable, Windows VM.
- Created content and hands-on activities for topics like Footprinting, Enumeration, Exploitation.
- Mentored students in OSCP-style reporting and tool usage.
- providing training in the technologies CEH , penetration tester , Linux server , windows server , CCNA , networking to trainees.

CyberSecurityTrainer
hacktechmedia pvt.ltd. (Workshops, Seminars, Live Labs , Cyber Security blogs , Posters)

2023 July - 2024 July ,
PrabhatCenterCBD
Belapur - Navi Mumbai

- Delivered CEH training with real-world lab demos for 300+ students in 1 year 2 Months.
- providing training to 3 Batches (PEGASUS , POISION , TROJANS) under the program of Diploma in Cyber Security (6 months), Basic of cyber security , Master's in cyber security , Advance in cyber security and Responsible For Blogging on the base of cyber security and their different concepts.
- Created content and hands-on activities.
- Mentored students in CEH eJPT - style reporting and tool usage.
- providing training in the technologies CEH , penetration tester , Linux server , windows server , CCNA , CCNP , networking to trainees.

CyberSecurityIntern
GPCSSI 2021 INTERNSHIP (Gurugrm Police Cyber Security Summer Internship)

2021 June - 2021 July ,
CyberHub-Gurgaon

- The 2021 Gurugram Police Cyber Security Summer Internship (GPCSSI) was generally considered a positive experience, with interns reporting good projects, shifts, and mentorship.
- The program provided opportunities for learning and skill enhancement, with some interns mentioning they were able to gain experience in areas like Caesar Cipher encryption/decryption

- Under the mentorship and guidance of Mr.Umesh datta sir i had completed and sell 4 projects in the market place.

Skills

Cybersecurity: Penetration Testing, Red Teaming, Vulnerability Assessment, CEH Labs, Social Engineering, MITM Attacks

Networking: CCNA Level Routing & Switching, DHCP, DNS, NAT, VLANs, VPNs, IPv6

Operating Systems: Kali Linux, Parrot OS, Windows 10/11, CentOS 9, Ubuntu

Lab Setup: VirtualBox, VMware, Metasploitable2, OWASP BWA, Windows Attack VMs

Teaching: Ethical Hacking, Linux Administration, CCNA, CEH, OpenVAS, Ettercap, Burp Suite

Programming/Scripting: Bash, Python (basic), HTML, Git/GitHub

Tools Mastered

Nmap, Netstat, Traceroute, Nslookup, DIG, theHarvester, Whois, Recon-ng, Dmitry, DNSenum, DNSrecon, Shodan, Maltego, Spiderfoot, Google Dorks, FOCA, Netcraft, SamSpade, OSINT Framework, crt.sh, John the Ripper, Burp Suite, Metasploit, Wireshark, Ettercap, Nikto, Gobuster, OpenVAS, Hydra, SQLmap, ShellGPT, ChatGPT, FraudGPT (analysis), Veed.io

Projects

Cybersecurity Portfolio Website - Visit: [dhruvpruthi29.github.io/Cyber Dhruv/](https://dhruvpruthi29.github.io/Cyber%20Dhruv/)

Ongoing

- Showcases cybersecurity projects, certifications, and tutorials.
- Built with HTML, GitHub Pages; includes AI tools, CEH tools, and video content.

Custom Ethical Hacking Lab Setup

2023

- Built an internal lab for practice including DNS spoofing, brute force, and CVE exploitation.
- Demonstrated MITM attack via Ettercap between Parrot and Windows VMs.

Red Team Awareness Sessions - CEH v13 Modules for Beginners

2024

- Delivered customized content on social engineering, AI in hacking, and OSINT tools.

Education

Bachelor of Technology - Computer Science (Specialization in Cyber security and Forensics)

2019-2023

Manav Rachna International Institute of Research And Studies , Faridabad , Haryana
(Delhi NCR)

Coursework: Networking, Ethical Hacking/Penetration testing , Linux Administration, Web Application Security , Network Security , Data breaches , End Point Detection .

Hands-on training in virtual lab environments with Kali Linux and Packet Tracer.
